**THE RANDALL SKELETON GRATE BAR**

Patented Feb. 9, 1869.

TESTIMONIALS.

A. O. CORBETT. *Dear Sir,*—We have tested the Randall Skeleton Grate Bars, and recommend them to the public. BOSTON, Nov. 10, 1871
GEO. WALKER & CO

A. O. CORBETT. *Dear Sir,*—In answer to your request for my opinion as to the value of the Randall Skeleton Grate Bars, I will say that I am well acquainted with the form and working of them, and can safely certify that I believe them to be the best in use, PORTLAND, March 2, 1870
JOHN SPARROW
Yours truly,

A. O. CORBETT. *Dear Sir,*—I have used the Randall Patent Grate Bars nearly a year, and they are the best I ever used. They work admirably. MILFORD, March 12, 1870
R. C. HUSSEY

Having used the Randall Skeleton Bars, in connection with the three large Steam Boilers attached to the St. James Hotel, for nearly two years, I do not hesitate to recommend them, especially for durability and also for general excellence for the purpose designed. BOSTON, March 26, 1871
M. M. BALLOU, Prop. St. James Hotel

A. O. CORBETT. *Sir,*—I have been using the Randall Grate Bars in one Furnace, on board the Star of the East, since April 15, 1868. I find them the best I have ever used. They give better draught, and burn the coal up cleaner, and leave less ashes and clinkers, than any grate I ever used. BOSTON, Dec. 10, 1868
L. S. DAVIS, Chief Eng'r Str. Star of the East

A. O. CORBETT. *Dear Sir,*—We have given your Grate Bar a trial for the last three months, and has given perfect satisfaction. We have given it some severe tests with leather chips, which make the test fire. WORCESTER, Jan. 27, 1871
D. G. RAWSON & Co
Yours truly,

A. O. CORBETT. *Dear Sir,*—We have been using a set of the Randall Skeleton Grate Bars seven months. They have not warped in the least, and are as good as new. We cheerfully give you this testimonial in answer to your inquiry. BOSTON, March 3, 1871
C. WRIGHT & Co

A. O. CORBETT. *Dear Sir,*—The set of Randall Skeleton Grate Bars put into one Furnace on board this vessel are yet all right. They have been in constant use since September, 1869. You are at liberty to refer to me to any one inquiring about them. BOSTON, April, 1871
A. J. SAVAGE,
Chief Engineer Steamship Geo. Appold, Baltimore and Norfolk I. N.
Yours respectfully,

A. O. CORBETT. *Dear Sir,*—In answer to your inquiry about the Randall Skeleton Grate Bars put in here in December last, I state with pleasure, that, being determined to test them thoroughly, I have had an accurate account of coal used, and find, up to this date, that I have used ten and a quarter tons less than the same length of time last year. BOSTON, April 7, 1871

C. KNOWLTON, Eng'r in charge Heating Apparatus of Macullar, Williams, & Paine

OFFICE OF ALBION LEAD WORKS, TAUNTON
Sept. 20, 1871.

MESSRS. DUNCAN & COPELAND, 379 Commercial St., Boston:

Gentlemen,— In reply to your inquiry for our opinion of the three 36-in. Mills for Grinding White Lead in Oil, which you furnished us nearly a year ago, we would say, that we are more than satisfied with them every respect. They perform their work most satisfactorily, with great economy of power, and with a degree of rapidity which we have never seen approached by any other mills that have come within our observation. The wearing parts of the mills are perfect, so far as we can judge. Your cylindrical style of frame is an improvement over any thing *on legs*; and we doubt if your improved Spindle-Step can be equalled by any other mechanism for effectiveness and simplicity. The Mills are a credit to you as manufacturers. We are free to say that we believe we can trace something of the great merit which is so generally accorded the "*Albion White Lead*" to our employment of the Mills in question.

We remain yours truly,

ALBION LEAD WORKS.

TINGLEY'S

AUTOMATIC HEAT GOVERNOR,

FOR HOT-AIR FURNACES.

THIS INVENTION has now been thoroughly tested for FOUR YEARS, and is offered to the public as a perfect remedy for the inconveniences, dangers, and annoyance arising from furnaces as ordinarily managed. Some of these advantages are:

- 1st. A sure remedy for the escape of gas or smoke through the house.
- 2d. An economy in the use of coal.
- 3d. It prevents clinkers, and the necessity of sifting ashes.
- 4th. Insures all danger against fire from an overheated furnace.
- 5th. Gives uniformity of temperature with every change of the weather, saving care and time in the management of the furnace.

In order to gain these advantages, it is only necessary to kindle the fire, supply the coal, and leave the furnace (without regard to the drafts) to the care of the "GOVERNOR."

Attached to Brick or Portable Furnaces, Old or New.

which we claim is as good as any in use, from these facts, viz:—

It is easily adjusted to different lengths of stroke, the range of the table, the gain of time in doing the work, because the tool goes up in one-third the time it goes down; the tool falls back from the work, so it does not drag, when it goes up, and can be stopped instantly in any position, or part of the stroke.

SALEM LEAD COMPANY,

OF

SALEM, MASS.,

MANUFACTURERS OF THE BEST

PURE WHITE LEAD

Ever made in this Country.

Their Mills are under the superintendence of **Mr. D. G. BATCHELDER**, whose reputation as a Manufacturer has long since been well established throughout New England and New York, and his White Lead stands unrivalled in this country.

The Salem Lead Company's Lead can be found for sale by most of the first-class Drug, Paint, or Hardware dealers throughout New England, and by many in New York, Pennsylvania, and also in the Southern States.

Its uniform Purity and brilliant Whiteness are fully appreciated wherever it is used, and these qualities in an eminent degree are achieving a success and demand hitherto unprecedented in the Paint trade.

This White Lead, owing to the great care used in the selection of the material from which it is made, also in the grinding of the same, is said to **wear longer and handsomer**, and to present a harder surface to the action of the weather, than most of the Leads now in use.

Its perfect Purity is warranted in all cases.

LEAD PIPE

Of any size or thickness required, made from the very best Pig Lead, and warranted satisfactory.

Although we intend to fill all orders for White Lead and Lead Pipe promptly, we have sometimes found, in the early Spring and Fall, that it is impossible to keep a stock on hand, so large was the demand. Our Customers are therefore requested to send their orders early, or before they are entirely out, to avoid inconvenience or delay in the delivery of the same.

KITSON'S PATENT COMPOUND OPENER LAPPER

Takes the cotton from the bale, and makes a very even lap, doing 300 pounds per hour. The laps are then finished on a 2-Beater Lapper with **Patent Evener** attached, and owing to recent improvements in the latter apparatus, the laps when ready for the card only vary about $\frac{1}{4}$ ounce to the yard. The cost of picking by this system is only one mill per pound on the cloth produced, and the picker-house is safer as regards fire than the card-room.

Novelty Plaster Works,

LOWELL, MASS.

The only Manufactory in the United States

Devoted wholly to the Manufacture of Plasters.

MANUFACTURE

Mitchell's Improved Medicated India Rubber Porous Plasters. Sure cure for all pains and aches in the body. Try one and be convinced.

Mitchell's Kid Strengthening Plasters. They are a good stimulant for all pains and lame backs. Some prefer them.

Mitchell's Corn Plasters. Patented. Sure cure for corns. So don't go limping around complaining of those painful corns, when for 25 cents you can procure a box of Mitchell's White Felt Medicated Corn Plasters. One box will convince the most skeptical of their merits.

Mitchell's Bunion Plasters. Same as the Corns, only larger, for Bunions and Swelled Joints; sure cure. Try a box. Only 25 cents.

Mitchell's Surgeon's Adhesive Plaster. Patented. Applied by moisture, and is always pliable and does not irritate. Say, Doctor, just try it once, you that have never tried it, and you will never be without it. In wide sheets, and also ready cut and wound on small cylinders, and put up in cases for Doctors' use. Come and let us reason together, and go in for improvements, and not ride in old stage coaches any more, but jump on board the cars.

Mitchell's Pliable Isinglass Plaster. Patented. Is spread on the finest of silk, and is the best article of this kind known. Try it.

Mitchell's Court Plaster. Not stiff and irritating, but soft and pliable. Water-proof, assorted colors. For ladies and children whose flesh is tender; they will find this to be just the thing for cuts, bruises, and scratches. Four pieces, assorted colors, in a neat tablet, for 25 cents. Try one.

Mitchell's Improved Belladonna and Rubber Plaster. The introduction of the rubber keeps the plaster from drying up, or growing soft and running after being applied. Any doctor can have a sample sent free on application at our office. Once tried better appreciated.

Mitchell's Improved White Felt Lung Protectors. An old and true saying is, "An ounce of prevention is worth a pound of cure."

All of the above-named goods, and others too numerous to mention, are labelled with a *fac-simile* of our factory. Take no others if you want a good article. None genuine unless labelled with a picture of the Novelty Plaster Works on each box or package.

USE RENNE'S PAIN-KILLING MAGIC OIL!

"IT WORKS LIKE A CHARM."

The extraordinary cures made by the faithful use of **THIS GREAT REMEDY** has excited

THE WONDER OF THE WORLD!

Every city, and village, and family, and every hill-top, is echoing the glad song — which brings so much hope to the suffering — Use **Renne's Pain-Killing Magic Oil**. "IT WORKS LIKE A CHARM." The very stones of the street are redolent with this good advice.

THERE IS NOTHING LIKE IT!

When it is used thoroughly, as directed, it takes right hold of pain and kills it! It does not move it from one place of the body to another, but destroys it where it exists, so there is no danger in its use by the most feeble invalid, and should be used freely, until the stronghold of pain and suffering yields, and the patient is free from pain and happy.

WHAT A BLESSING IN A FAMILY!

The husband and wife, the children and hired help, the cattle and horses, and the stranger within thy gates, all made comfortable by simply using

RENNE'S PAIN-KILLING MAGIC OIL.

And more than this, it makes those who sell it wealthy, gaining for them more and more the **CONFIDENCE** of their customers, because they keep so valuable a remedy in their store for sale.

Do you value your own interest?

Do you love your friends?

Do you love yourself as you ought?

Then don't neglect to purchase for timely use this sure remedy for Headache, Toothache, Neuralgia, Colic Pains, Cholera Morbus, Sprains, Bruises, Rheumatism, Colds, Sore Eyes, Colds in the Head, and all other painful complaints; but be sure and purchase the genuine, and keep it on hand, and be sure and use it, and tell your neighbors about its virtues, and advise them to use it, and if your Merchant where you trade has not got it in his store, urge him to send for it, and if he will not send and get it for you, send for it yourself. Be sure and have it in the house to use in case of accident or sudden sickness.

PATENT

CUTTING

REVOLVING

MACHINES,

For Cutting Upper Leather, Sole Leather, Cloth, Rubber,
Leather Board, Straw Board,

And all other material with DIES. This Machine is adapted to the use of Manufacturers of
Boots and Shoes, Shoe Stiffenings, Heels, Shoe-bows, Inner Soles, Rubber Goods, Paper Collars, Paper Boxes, Trunks, Harnesses,
And all others who can cut their stock with Dies.

By the peculiar construction of these machines the block is made to revolve, so that the edge of the die or cutter comes in contact with the block at a different point at each cut, thus keeping the face of the block constantly smooth, and enabling the machine to **cut the Thinnest Paper, or the Thickest Leather, smoothly.** The block is also thrown back at each cut, so as to expose the die, thus enabling the operator to see his work, looking down squarely upon it instead of sideways between the block and die.

The mechanism of these machines is very simple, and not liable to get out of order. They are also built and finished in the most thorough and workmanlike manner. Manufactured by the Patentee,

FIFTEENTH YEAR.

1872

**The Saturday Evening Express,
FOR THE YEAR 1872.**

With the commencement of this year, **The Express** enters on its fifteenth year of publication, and is now one of the oldest established Sunday papers in Boston.

The Express is now acknowledged by all to be the Sunday paper of the HUB.

The Express is known to be the friend of the innocent and enemy of the guilty, and always on the side of right.

The Motto of The Express. "Pledged but to truth, to liberty and law, no favor wins us, and no fear shall awe," has been carried out in every particular since the first year of publication, and this is the reason of its prosperity.

All Readers of The Saturday Evening Express will find it to be a Family Journal, a Spicy Sheet, a People's Defender, a Paper of the Times.

Reader, you will find **The Express** to be filled with Latest Local and General News, the Latest Telegrams, City Gossip, Political Editorials, Dramatic News, and Musical Criticisms.

The Saturday Evening Express is the best medium for **ADVERTISERS** in Boston.

The Circulation is larger than any Sunday paper in Boston, except one.

All should buy **The Express** every Sunday morning, as they receive a two-fold benefit from it.

THE
Daily Evening Traveller
 FOR 1872.

THE TRAVELLER
 IS THE
Largest Evening Paper in New England.

It will commence the New Year with Greatly increased Circulation, and with Superior Facilities for maintaining its character as

A FIRST-CLASS DAILY.

The constant and steady increase in circulation that has followed the increase in size encourages us to make still further efforts for improvement in the future.

The reputation of "The Traveller" for enterprise in obtaining the earliest news of important events in all parts of the world, and for its outspoken and able treatment of all topics of public interest, will be maintained.

"The Traveller" Bureaus in New York, Washington, and other cities, furnish us daily more news by Telegraph than is received by any other evening paper in the country.

Our arrangements at Washington enable us to give reports of each afternoon's proceedings in Congress, and to furnish our readers with early information of all important political events.

Our reports of Local and Suburban News will be full, and especial attention will be given to the publication of the Sales of Real Estate in Suffolk, Middlesex, Norfolk, and other counties, Building Operations, &c.

Our enlarged columns enable us to give a greater variety than heretofore, and we shall strive to make "The Traveller" more than ever

The Family Newspaper of New England.

Special care will be given in making up *OUR FIRESIDE COLUMN*, to give such original and selected articles, of interest alike to old and young, as will make "The Traveller" a welcome daily visitor in THE HOME CIRCLE.

"The Traveller's" "*REVIEW OF THE WEEK*" will continue a marked and distinctive feature.

BEECHER'S SERMONS will be published weekly as heretofore.

TO ADVERTISERS.

"The Traveller," in its daily evening circulation, is second to no newspaper in New England, and is the favorite family newspaper in Boston and all the suburban towns. Our advertising patrons will find it a most valuable medium for communicating with the public.

THE AMERICAN TRAVELLER (weekly), and *THE BOSTON TRAVELLER* (Semi-weekly), made up especially for country circulation, are the largest papers of their class in New England.

Every week they contain a sermon by Beecher, "The Traveller's" Review of the Week, a Good Story, Market and Shipping Reports, Able Editorials, Interesting Correspondence, Farmers' and Housekeepers' Columns, the Latest News from all parts of the world, and other interesting features.

THE BOSTON HERALD

FOR 1872,

A Morning and Evening Newspaper.

FIVE EDITIONS EVERY DAY.

The Best Two-Cent Paper in the Country.

AVERAGE DAILY CIRCULATION OVER 90,000,

*Which is more than the combined circulation of all the other
BOSTON DAILYS.*

THE HERALD has one great advantage over most Newspapers which come in competition with it. It is
ENTIRELY INDEPENDENT

in Politics, and can afford to state the truth about all political events. It belongs to no party or clique; its reports are candid to all parties; and its editorial tone is liberal and tolerant, condemning the wrong and commending the right, wherever they are found.

THE HERALD is the only paper in New England that has

ITS FORMS STEREOTYPED,

and the large editions are now printed on duplicate plates by two of Hoe's Lightning Presses, of six cylinders each, and each capable of printing fifteen thousand impressions an hour. These facilities enable the publishers to hold back the forms to the latest moment and give their patrons

THE VERY LATEST NEWS.

THE HERALD gives its readers more reading matter for two cents than any other newspaper in the country, and it serves the news up in a spicy and spirited form for which it has long been celebrated.

THE HERALD is one of the largest two-cent papers in the country, and as the plates are made fresh from new and unworn type, while paper of good weight and quality is used, the impression is always clear and legible.

The price of THE HERALD is two cents per copy, and it is sold to agents at \$1.25 per hundred.

SUBSCRIPTION RATES.

Five Dollars per annum, and at same rate for a shorter period.

To Clubs of five or more, to one address, Four Dollars per annum, or One Dollar for three months, payable invariably in advance.

No Agents employed to solicit either subscriptions or advertisements.

THE SUNDAY HERALD

is of the same size as the Daily, containing a great variety of reading matter, including Voluminous Special News Dispatches and Markets, by Telegraph, full reports of Local News, Editorials, Timely Musical and Dramatic Criticisms, a Business Review of the Week, the best Review of the Boston Stock Market published, &c., &c. It has a circulation of

OVER 21,000 COPIES,

chiefly in the city and suburban towns. A limited number of Advertisements in the SUNDAY HERALD.

The price of the SUNDAY HERALD is five cents per single copy; and it is sold to agents at \$3.50 per hundred. To subscribers, Two Dollars per annum.

THE BOSTON RECORDER

Is now published as a separate paper made up each week from the CONGREGATIONALIST for the special accommodation of those who wish a small but first-class paper for a low price. Many pastors have taken a deep interest in its circulation, while in some cases benevolent individuals have ordered large numbers at their own expense, believing that no more useful or attractive reading for the family and for general circulation can be found. Here, then, is

PART OF OUR PROGRAMME FOR 1872.

"The Watchman and Reflector" can most confidently guarantee the same excellence in all its Departments for the coming volume that has marked the past and previous years, with additions thereto. Our new SABBATH SCHOOL DEPARTMENT, under the same able head as during 1871 *will be continued*. Dr. GARDNER cannot fail to be as successful the second year as he has been the first. Mrs. GOODWIN will continue, as often as once a month at least her finely-written letters from abroad, embracing "Old World Sketches." Mrs. Chaffin, who has a well-earned reputation as one of the best of American female writers, will continue to contribute weekly to our columns, as during the two or three years past, giving original stories and sketches, and letters, and making up the department of MUSIC, ART, and SCIENCE.

Miss Virginia F. Townsend, widely known as an accomplished and popular writer, has been engaged to contribute a series of Historical Sketches, on which she will bestow particular care.

Rev. Wayland Hoyt has engaged to write out for these pages some of the most salient of his memories and observations while recently in Europe, and thousands know already how well and readably Mr. Hoyt writes.

Hon. Francis Wayland will contribute a series of informing and very valuable articles, embracing his recent observations of important European phenomena. The first two of these articles, relating to "Muller's Orphan Houses at Biel-tol," appeared in January issues.

We have taken particular pains the past year to add to the breadth and informing richness of the "Watchman's" correspondence from all parts of our great widening HOME FIELD, embracing especially the CENTRE, the SOUTH, and the WEST. Our purpose in this is to reflect all important religious and other intelligence from every part of our great extending country.

What the "Watchman and Reflector" is in its skilled editorial writing and general make up would seem to be a sufficient pledge of what it must be in the future, with the same ample force engaged every week on its pages, a force that ought each year to be adding to its efficiency. We believe we can promise no less here than at any previous time in this journal's history.

THE

Christian Register.

The Oldest Unitarian Weekly in the Country,

AND

The only one published in New England.

TO ADVERTISERS.

The "Register" is a peculiarly valuable advertising medium. A large proportion of its circulation is concentrated in and about Boston, and the class of readers it reaches is such that no thoughtful advertiser can fail to see the advantage of bringing his business before them.

The advertising department of the "Register" is conducted on the *one price* principle, and, on application to the publishers, rate-cards will be furnished, containing not only the prices, which are unvarying, but also the sworn circulation of the paper.

TO SUBSCRIBERS.

The "Register" presents a racy, readable, *Christian* paper, with none of the old-time dullness of the religious press. While devoted to the interests of the denomination which it represents, it is yet quick to recognize and assist in carrying forward all good works and needed reforms.

It has able Editorials, spicy "Brevities," Correspondence from Home and Abroad, Contributions from many of the best writers in the denomination, Reviews of new books, gives readable extracts from the religious and secular press, and has a Fireside department containing choice poetry and good original and selected stories. Taken altogether it aims and claims to be one of the best religious papers in the country.

The favor with which the "Register" is received by its contemporaries is shown by the following extracts:—

"Is there a better edited paper in the whole land than 'The Christian Register?' After it has made the acquaintance of our scissors each week, it looks like a flag returned from the wars."—*New Covenant, Chicago.*

"Among all our exchanges there is no paper we read with more pleasure and interest than the 'Christian Register.' Its short paragraphs especially are characterized by a tact, pith and pertinence which are refreshing; and for its candor, and for its manly rebukes of skepticism in all its phases, it deserves the thanks and support of the Christian community."—*Watchman and Reflector.*

This Company owns the entire water-power of the Mohawk River at Cohoes, embracing the celebrated Cohoes Falls. Aggregate fall one hundred and twenty feet, giving nearly ten thousand horse-power.

The Company has constructed (and by means thereof diverts the water from the river to their canals) a stone dam, which with the gate-house and head-gates connected therewith are among the finest structures of the kind in the United States.

The canals are so constructed as to give a succession of falls from one canal to another, varying in height from twelve to twenty-five feet. The power is leased by the Company, with land for factory buildings in perpetuity, at an annual rental of about twenty dollars per horse-power, and, considering the locality, is the cheapest in the country. It is an unfailing power, and during the past few years, while most of the water-powers in the country have failed for a time, Cohoes has had abundant supply without one minute's stoppage. About one-third of this magnificent power is unappropriated, and appurtenant thereto are some of the finest factory-sites to be found anywhere.

Cohoes is situated at the confluence of the Mohawk and Hudson rivers, about four miles from Troy and ten from Albany, and is eligibly located with reference to New York and other markets, and possesses superior advantages for transportation to market either by river, canal, or railroad, having two canals and two railroads running through it. It is a thriving young city of nearly twenty thousand inhabitants, and contains some of the finest cotton and other factories in the United States.
